Students under 18 years old are minors in UK law. If your child is studying on an adult course, he or she will not be supervised at break times, after school and on evening activities.

Classes with over 18s

All students are placed in classes with those of a similar age and English Level to enable them to get the most out of their time at ETC. We mix the nationalities of students in our classes in order to encourage students to speak English at all times. Sometimes in order to mix these classes and to benefit the students we may want to place a junior student aged 16 or 17 in a class with other students over the age of 18. If you are happy for us to place your child in a class of students over the age of 18, please confirm your permission for us to do so.

I confirm that I am happy for my son/daughter who is aged 16/17 to be placed in a suitable class with other students who are over the age of 18. Yes ☐ No ☐

Medical Emergencies

The authority of a parent/guardian is required before emergency medical, surgical or dental treatment can be carried out in the event of a serious accident or illness. To avoid delay in arranging emergency treatment, if permission cannot, for any reason, be obtained, we recommend permission is given to ETC in advance, by declaring authority on this permission form.
