Medical Emergencies

The authority of a parent/guardian is required before emergency medical, surgical or dental treatment can be carried out in the event of a serious accident or illness. To avoid delay in arranging emergency treatment if permission cannot, for any reason, be obtained, we recommend permission is given to ETC in advance by declaring authority on this permission form.

I give permission for the senior staff at ETC International College to arrange emergency medical, surgical or dental treatment for my child if necessary

I confirm I have disclosed all medical problems on the enrolment form
